 - Trespassing, that can lead to squatters
 - Vandalism ranging from graffiti to broken windows

 - Arson
 - Risk to first responders

Example

Vacant since 2017
Attraction for
neighborhood to dump
trash
“Cat house”

Detailed cost estimates for this segment have not been completed due to the uncertainty and options available. Generalized costs for trail development are provided below:
 - ✓ 10' wide paved trail development to include clearing, earthwork and compaction, bituminous pavement, drainage, signage, site amenities, road crossings, fine grading and seeding: \$350,000 to \$450,000/mile.
 - ✓ Trail engineering and design: \$50,000-\$65,000/mile.
 - ✓ For an additional perspective, the first phase of the Buffalo Valley Rail Trail in Union County cost nearly \$3,000,000 to construct nine miles to PennDOT standards in 2011.
