Important Notice to Customers

Mifflin County Municipal Authority (MCMA) 2023 Capital Project Meter Reader Replacement Project

MCMA currently serves over 12,000 customers. All customer accounts are metered and are read from the street by an Automated Meter Reading device (AMR).

MCMA, as approved in the 2023 capital project plan, intends to replace the existing AMR devices installed over 20 years ago with new High Resolution-Encoder (HR-E) registers and updated AMR units for all customers.

About 30% of customers have already been upgraded by MCMA Staff.

The remaining 70% of customers will be upgraded with the 2023 capital project.

Timeline:

Bid Proposals

August 2023

Contractor Installation

September 2023 – June 2024

The Contractor will call and make arrangements for all appointments.

This project will also incorporate a water quality initiative issued to all Water Systems affected by the Lead and Copper Rule Revision (LCRR). This measure is required by the Environmental Protection Agency (EPA) and PA Department of Environmental Protection (DEP). A copy of the LCRR can be found here:

<https://www.ecfr.gov/current/title-40/chapter-I/subchapter-D/part-141/subpart-I>

MCMA is required to complete an inventory of all service line pipes connected to the public system by October 2024. Your customer service line material will be identified while the Contractor is on-site.

Important project updates and information will be shared using the following methods:
